

Juneau Soccer Club

Monthly Board Meeting

January 9, 2006
Dzantik'1 Henni Middle School
7:00 – 9:00 PM

Call to Order

Chair Carl Dierking called the meeting to order at 7:00. Board members present were Don Ashe, Carl Dierking, Jean Mischel, Noel Shima, Amy Skilbred, Jamie Waste and Brian Sylvester.

Agenda Item #1: Reports

Tournament Coordinator/HS Schedule

Don reports that the boy's Bellerman high school soccer team from Washington and the Golden high school girl's squad from Colorado are interested in playing the Spring Fever Tournament March 31st-April 1st. Depending on the available competition, Chugiak is also interested in attending.

West Valley, Dimond, and Ketchikan are scheduled to play in Juneau in April.

University high school in San Francisco has said they would play the girl's team anytime they could make it down this Spring. Sandi must contact the University athletic director before a commitment can be made.

The boy's travel to Spokane for a four game set on April 6-9th. The Whitehorse tournament is scheduled for the April 7-9th weekend.

Don said the biggest problem teams have in coming to Juneau is helped by offsetting travel cost. One proposed consideration is to drop one of the trips to Anchorage and spend that money brining teams to Juneau to play. At \$200 per ticket times 40 players that equates to \$8,000 made available for helping teams come here.

Competitive Teams Committee

Noel reports that the U11 boys and U12 girl's age groups are slowly increasing in numbers.

Moctar Diouf was elected Region IV boys coach of the year for 2005. This is for all age levels! He will make a trip to Houston, Texas to receive an award and attend a coaching symposium. Paul is writing an article for the newspaper and Jamie will help him get on KTOO and KINY.

Fund-raising Committee

The Mark Kelly calendar sales are finished. Special thanks to Jean for a superb job organizing the sale and for Mark's continued JSC support. The membership sold 1450 calendars with gross receipts of \$19,500.

Chris reported that his group has sold 2000 money raffle calendars at \$5 apiece. The idea with this type of a raffle is that each day a winner is drawn and they collect a portion of the funds.

Advertisements for the high school are due by March 1st.

The U11 girl's team asked if they could sell raffle and advertisement and hold it over until the next year. The board stated this was not acceptable and that selling ads wasn't permitted until the U12 level.

The Board decided that top prize for the raffle ticket this year would be either airline tickets or \$1,000 cash.

Communications Committee

Carl developed a prototype for the JSC website facelift. He sent these to Jamie who reviewed them and then forwarded them on to Scott.

Jamie said he received two responses to his email request to the membership for ideas of things to include on the website.

Glen requested that Scott put in a plug for JSC patch and pin sales.

The Spring JSC newsletter deadline for submitting articles to Jamie will be mid March. He would like to release the publication as the high school season commences.

Dianne Walters, the Alaska ODP coordinator, would like someone in Juneau to organize registration and housing for those coming from out of town for the February tryouts to be held in Juneau. Jean said she would look into coordinating housing and Paul said he would take care of registration.

The Region IV ODP girl's coordinator from Houston, Texas will be in Juneau to help with the ODP tryout.

Coaching Education

Colin is absent due to a coaching conflict. Amy said Colin is looking at doing a 10 hour course similar to the USSF National E license. He would like to do this in June, after the high school season ends. Colin sent two proposals, (1) a proposal for a JSC basic coaching education class and (2) a proposal for team/coach training.

- Basic coaching education would include 3 hours of theory, 6 hours of practical sessions and 1 hour of theory testing. There would also be additional homework assignments. Colin will combine another 8 hours with the practical evaluations done with coaches at their usual team practices in order to meet the normal 18 hour E License requirement.
- Team/coach training would entail one 90 minute session in the morning and one 90 minute afternoon session. This would be done for two days and would give each coach 6 hours of training.

Glen reported that three Juneau youths received their youth FIFA referee license. They are Matt and Kayla Walton and Nathan Teal.

Agenda Item #2: JSC Calendar Review

- HS Ad sales continue
- Club-wide ad sales begin January 31st
- High School raffle begins February 3rd

Agenda Item #3: Adjourn

Meeting adjourned at 9:00 PM.

Summary of Action Taken by the Board:

1. No motions made
